

This compact, full Peruvian male, is absolutely awesome in every way!! Everyone who sees him takes one look at his fleece says "Wow"! Jude Anderson said of Hershey Hugs that he "is the complete package, perfect confirmation and very nice fleece". Mike Safley said that he "loved this animal, very very nice". Julio Sumar said Hershey is "very very fine and dense, dense, dense his confirmation is perfect". His fleece is indeed fine, dense, full of luster with tons of crimp and bundling from head to toe. A very respected grey breeder says he would breed him to grey all day long.
