

Prince Phillip

Can you say "Fleece, Fleece, Fleece?" Wow...is the only word said when anyone gets a look inside his crackling superdense crimped fine fiber. His fleece characteristics are consistent from top knot to tail. He has impeccable conformation and a truly regal presence. Check out his superior lineage. Prince Phillip is 1/4 Accoyo and 3/4 Alianza. His sire, NWA, LTD Predictor, is son of Hemingway (100% Alianza), who is not longer available for outside breedings. Prince Phillip's dam, Cecilia, is out of El Moustachio and Lizbeth. All the alpacas in his lineage are producing elite genetic packages and are highly sought after.
